The 12 Keys Are Ancient Encoded Tools That Align Us With Truth...
They Restructure Our Understanding of
Reality And The Process of Creation.

were an ancient teaching given to her by Lord Rama himself 1,500 years ago in a previous lifetime.

We are living in times of unprecedented planetary Awakening. More and more people are becoming aware of the interconnectedness of All Living Things, and on deeper levels, Divine Codes for the evolution of Consciousness are becoming activated. A new Chakra has been birthed that is connecting our physical body temple with our Higher Self.

A Divine Plan is unfolding, leading up to a major transformational shift we have written to experience. Whether it occurs December 21, 2012 (the subject of her next book) or is already taking place, our roles will be determined by our conscious remembering and the realization that Source exists within each of us, and it is from within us that All Things are created. Even our collective future.

The 1st Key is....You Will Remember. So today, let us take a journey of Remembrance together, lift the veils, and through The 12 Keys, connect with that aspect of ourselves that is already illumined, fully engaged, divinely guided, and completely in command of our Journey.

About Karon: Her first book titled *Remembering Our Spiritual Journey Home - The 12 Keys* has met with great success, leading her to 100 events in forty two cities since it came out. She is currently working on a new book about the Mayan Calendar and prophetic date of December 21, 2012.

Karon travels the country speaking to groups and inspiring people to find their true passion and spiritual purpose in life. As a traveler to Sacred Sites, she has visited 19 ancient Mayan ruins in four countries, climbed the Great Pyramids in Egypt, conquered Machu Picchu in Peru, seen the temple at Delphi, sunrise at Haleakala crater in Maui and many more power places!

You can visit her website at www.the12keys.com, sign up for her free monthly newsletter, or take part in her monthly Group Teleconference Call on December 12th (8pm/est) by calling (712)775-7000 and enter group code 421902#. Readers describe her book and The 12 Keys as "delicious", a "power tool", "divinely inspired", and "a treasure".

What Are The 12 Keys?

You Will Remember

The first key is a promise from Spirit that you will remember who you are and why you are here. Whether you choose to do that in this lifetime or the next is perfectly okay with Source, because Source knows your final destination. Like many others on the path, myself included, you want to graduate this lifetime...and embrace your Illumination!

Take Responsibility For Your Life

The second key reminds you that you are the architect of your experience. Your spiritual blueprint was created by you, for you, so that you could experience the greatest possible spiritual growth in this lifetime. How can you transform something, if you take no responsibility for its creation?

I

Am A Teacher, You Are A Teacher We Are All Mirrors For One Another

The third key teaches the process of mirrorship. The Universe, in its infinite wisdom, realized we wouldn't see what needed to be brought into balance within ourselves, so the Universe wisely placed mirrors all around us to provide us with our reflection. Everyone you meet mirrors an aspect of yourself, and everyone you meet has something to teach you.

There Is No Such Thing As Guilt, Shame Or Blame. It Is All A Lack Of Love

The fourth key exposes the truth that guilt, shame and blame are illusions the ego uses to dis-empower you. All things come from love, and all things will return to love, because all things come from Source and ultimately return to Source. The third dimension is so dense, that things get twisted and changed into something unrecognizable from their origin.

The Answers Lie Within

The fifth key was really brought home to me when I locked my keys in the car, and I could see them on the seat, and I had very little money for AAA to get the keys out from inside the car. The universe has such a sense of humor! The keys are locked inside – all the answers you seek are to be found within you, because that's where Source will be found. Within.

You Are A Diamond, Unique In All The World

The sixth key is about self-worth, and calls you to truly see the incredible radiant and beautiful being that you are. Like so many others, experiences in my childhood created self worth issues that left unchecked, were carried into my adult relationships wreaking havoc until healed. The truth is, you are as magnificent as every star you see in the heavens.

Believe

The seventh key is simply one word. And a key to your power. I know how convincing your illusion is, I've been there, and I'm here to tell you that you have to believe through the illusion - like cutting through the middle of it - to see your belief manifested on the other side. Anything not in alignment with your Divine Nature is an illusion.

Your Life Path Is Not An Accident

The eighth key helps you recognize your spiritual blueprint at work, and that all things are serving a purpose in supporting your spiritual growth. When you look around at your life, relationships, and experiences, and begin to see the thread of connection between everything, you understand the perfection of your journey as it unfolds.

The 12 Keys continued...

You Are A Divine Creator Heal Your Body And The Rest Will Follow

The ninth key has two parts. The first, teaches you a deeper understanding of Einstein's equation $E = mc^2$ and through the relationship of energy, mass and light that you are a powerful creator – 24/7! The second part of the key talks about bringing the body into balance and healing blocks on an energetic and soul level.

Learn To Be In Silence

The tenth key asks you to quiet the mind and connect with Source. As you go within, you develop a relationship with the sacred, holy divine aspect of Source inside you. The more you travel the pathway, the easier it is to get there. Find five minutes a day – more if you can – to tune in and plug in!

Follow Your Own Truths

The eleventh key connects you with universal truth – All Paths Lead Home. There is no other destination. Now, some folks might want to get on the first train out of here, others like myself, are happy to stick around because we're having so much fun! Take it all in, then discard what doesn't apply to you, respecting everyone else's truth and journey.

Nothing Exists Outside Of Yourself That Does Not Already Exist Within You

The twelfth key brings the other keys together, recognizing that all things come from within you. All creation occurs from the within, to the without. That's how God did it, that's how we do it. Therefore, if you don't like what you are seeing or experiencing around you, know that the change has to occur inside, because the Source of All That Is, is within you.

Now that you have read **The 12 Keys**, take this moment to look at the coming year, what you hold to be true about yourself and our world, and dream, envision and express what you desire, and how you might realize your dreams!
